

Grand Entry Form

The Grand Entry is something that has been around for many years.

It is a chance for the riders to show off their abilities other than the normal events that they do.

They represent our club and all the people that belong to it. In the past they have done a wonderful job and come up with some absolutely great performances.

They will tentatively perform for the first Gymkhana of the year, the Open House, the 2 day Rodeo that we are now holding and the last event of the year.

These dates are tentative due to the fact that children are mostly involved in this event and they have school to think about.

Join the team, have some fun, represent your club and do something that is different for you and your horse!

Hope to see all of you get involved.
